

Download the event recording

Download recordings of completed Live, On-Demand, or Simulated Live events on the Event Summary tab, under **Manage Webcast Archive**. You can download the event's video only as a MP4 file (video broadcasts) and the event's audio only as an M4A (video broadcasts) or MP3 file (telephone broadcasts). You can also download the full event archive, including audio/video and slides, as a MP4.

To download the recording, sign in to the Webcast Admin portal and edit the event.

Download the full event video

After the Live event or after you publish the On-Demand or Simulated Live event, you can export the full event recording, including audio/video and slides. The amount of time the MP4 takes to process depends on the length of the event.

Important: You can't make edits to the event in the editing studio until the recording has finished processing.

To download the recording as an MP4:

- Click **Export Webcast as MP4**.

Event Recording Export MP4 Button

- A warning window asks if you're sure you want to export the MP4. Click **Yes**.
- The recording will begin processing. Once the recording is ready, you'll receive an email, include a link to download the recording, once it is ready to download.
- A link will also be available under **Available Archives**. Click **Full Webcast (MP4)** to save the recording.
